### ABOUT US

This is the institute that helps the students to enhance their skills by theoretical knowledge as well as practical knowledge. The infrastructure combined with the lush green surrounding of the AIT campus are amongst the best facilities resulting into a peaceful atmosphere for the students to improve their focus on the learning.

        <div id="line"></div>
        <p> Computer engineering and Information Technology is one of the most
in-
demand and versatile platform today. Computer/IT engineering is a discipline tha
t integrates several fields of electrical engineering and computer science requi
red to develop computer hardware and software. It incorporates various disciplin
es like networking, database handling, Automation, artificial intelligence, embe
dded systems etc. The students will be learning all aspects of computer includin
g various languages beginning from c, c++,Java,php,etc. Computer/IT engineers de
velop, design, and test software. Some software engineers design, construct, and
maintain computer programs for companies. Some set up networks such as "intranet
s" for companies. Others make or install new software or upgrade computer syste
ms, and some also work in application design. Accomplished computer labs and exp
erperienced faculties are provided for the facility of the students. Various presti
gious companies come for placements every year like Wipro, IBM, TCS etc. Time Pe
riod-4 years. </p>
